

FREQUENTLY ASKED QUESTIONS

Who can I enroll in my Plan?

You may enroll yourself, your spouse, family members living in the same household and children under the age of 18. However, all participants must be named on the original enrollment form. Additional annual fees may apply for additional members added to the Plan.

How long am I enrolled?

Activation of the Premier Dental Savings Plan begins on the date of an approved application, and when full payment is received. The Plan expires one year later to the date. We will notify you by e-mail at least 30 days before your expiration date, so that you may choose to continue or cancel your benefits. Enrollment fees and posted fees are subject to change when you renew your enrollment in this Plan.

Is The Premier Dental Savings Plan the same as dental insurance?

The Premier Dental Savings Plan is not insurance, and no services are "covered" in a traditional insurance manner. Dental services are offered at reduced fees, and full payment of fees is expected when service is rendered. The Premier Dental Savings Plan may not be combined with any other dental insurance, dental plan, coupon, or discount. If you use another plan or discount while also using our Plan, you will be terminated from the Sukoneck and Wilson, P.C. Plan immediately. You will also forfeit all future benefits of our Plan, and your enrollment fee will NOT be refunded.

How is a Savings Plan different from a cash discount?

Many dental offices offer cash discounts to patients without dental insurance. We have found that many patients want something that will reduce their fees by a more significant amount, especially when treatment is needed. The Premier Dental Savings Plan offers savings of 20% off our usual and customary fees for services not included under the *No Charge* provision. The exception is Invisalign, which is offered at 10% off of our usual and customary fees.

Do I have to pay the full annual enrollment fee all at once?

Yes.
